

 **SUN ACADEMIC INITIATIVE
COURSE CATALOG**

***Sun-Solaris Operating Systems | Solaris 10 | UNIX Essentials Featuring the Solaris 10 Operating System**

- Solaris(TM) 10: Ten Moves Ahead of the Competition
- Using Components of the Desktop System
- Using Components of the Desktop System
- Using Components of the Desktop System
- Using Components of the Desktop System
- Archiving Files and Remote Transfer

***Sun-Solaris Operating Systems | Solaris 10 | Network Administration for the Solaris 10 Operating System**

- Configuring the Network Interface Layer
- Configuring the Network
- Configuring and Managing Network Applications

***Sun-Solaris Operating Systems | Solaris 10 | Intermediate System Administration for the Solaris 10 Operating System**

- Managing File Systems
- Installing Software
- System Boot Procedures
- Performing User and Security Administration
- Managing Network Printers and System Processes
- Archiving and Restoring the System
- Intermediate System Administration for the Solaris(TM)10 OS x64/x86-Based Systems Differences

***Sun-Solaris Operating Systems | Solaris 10 | Intermediate System Administration for the Solaris 10 Operating System on x64/x86-Based Systems**

- Managing File Systems on x64/x86-Based Systems
- Installing Software on x64/x86-Based Systems
- Performing System Boot Procedures on x64/x86-Based Systems
- Performing User and Security Administration on x64/x86-Based Systems
- Managing Network Printers and System Processes on x64/x86-Based Systems
- Archiving and Restoring the System on x64x86-Based Systems
- Intermediate System Administration for the Solaris(TM) 10 OS SPARC(R)-Based Systems Differences

***Sun-Solaris Operating Systems | Solaris 10 | Advanced System Administration for the Solaris 10 Operating System**

- Network Basics
- Virtual File Systems and Core Dump Management
- Storage Volume Management
- Access Control and System Messaging Configuration
- Naming Services Setup
- Advanced Installation Procedures
- Advanced System Administration for the Solaris(TM) 10 OS x64/x86-Based Systems Differences

***Sun-Solaris Operating Systems | Solaris 10 | Solaris 10 Features for Experienced System Administrators**

- Solaris(TM) 10 Containers
- Solaris(TM) 10 Predictive Self-Healing
- Solaris(TM) 10 Security
- DTrace Fundamentals and Troubleshooting DTrace Problems

***Sun-Solaris Operating Systems | Solaris 9 | ePractice Certification Exams for Solaris 9 OE**

- Practice Exam for Sun Certified System Administrator for the Solaris 9 Operating System, Part I
- Practice Exam for Sun Certified System Administrator for the Solaris 9 Operating System, Part II
- Practice Exam Sun Certified Network Administrator for Solaris 9 Operating System
- Practice Exam: Sun Certified Security Administrator for the Solaris 9 Operating System

***Sun-Solaris Operating Systems | Solaris 9 | UNIX Essentials Featuring the Solaris 9 OE**

- Using Components of the Desktop System
- Managing Files and Directories
- Creating and Modifying Files
- Controlling the User Work Environment
- Archiving Files

***Sun-Solaris Operating Systems | Solaris 9 | Network Administration for the Solaris 9 OE**

- Configuring the Network Interface Layer
- Configuring the Network
- Configuring and Managing Network Applications

***Sun-Solaris Operating Systems | Solaris 9 | Intermediate System Administration for the Solaris 9 OE**

- Managing File Systems
- Installing Software
- Performing System Boot Procedures
- Performing User and Security Administration
- Managing Network Printers and System Processes
- Archiving and Restoring the System

***Sun-Solaris Operating Systems | Solaris 9 | Advanced System Administration for the Solaris 9 OE**

- Describing Network Basics
- Managing Virtual File Systems and Core Dumps
- Managing Storage Volumes
- Controlling Access and Configuring System Messaging
- Setting Up Naming Services
- Performing Advanced Installation Procedures

***Sun-Solaris Operating Systems | Solaris 8 | Fundamentals of Solaris 8 Operating Environment**

- Introduction to the Common Desktop Environment (CDE)
- Completing Basic Tasks
- Managing Files and System Processes
- Understanding Shell Fundamentals

***Sun-Solaris Operating Systems | Solaris 8 | Solaris 8 System Administration I**

- System Access and Security
- Process and Print Management
- Device and Disk Management
- File System Management
- Boot Management
- Software Installation and Management

***Sun-Solaris Operating Systems | Solaris 8 | Solaris 8 System Administration II**

- Network Fundamentals
- Data Organization
- Remote File Systems
- GUI Administration Tools
- Naming Service Consolidation
- Installation Servers

***Sun-Solaris Operating Systems | Solaris 8 | Solaris 8 TCP/IP Network Administration Bundle**

- Networking Fundamentals
- LAN Fundamentals
- Ethernet Link Fundamentals
- Internet working Fundamentals
- Transfer Protocol Fundamentals
- DHCP, DNS, and an Introduction to Network Management Tools
- Introduction to NTP and Troubleshooting

***Sun-Java Technology | J2SE Technology | Fundamentals of the Java Programming Language (J2SE)**

- Overview
- Introduction to the Java(TM) Programming Language
- Beginning to Program with the Java(TM) Programming Language
- Using Decision and Looping Constructs with the Java(TM) Programming Language
- Implementing Intermediate Java(TM) Programming Language Concepts
- J2SE 5.0 for the Developer: Language Changes
- J2SE Internals and Troubleshooting

***Sun-Java Technology | J2EE Technology | Developing Applications for the J2EE(TM) Platform**

- J2EE and the Component Model
- Developing Business Tier Components
- Developing Message Driven Beans
- Developing Web Tier Components
- Implementing Transaction and Security Policies

***Sun-Java Technology | J2ME Technology | Introduction to Mobile Java Technologies (J2ME)**

- Introduction to Wireless Technologies
- An Overview of the J2ME Platform
- Java Technology for the Wireless

***Sun-Java Technology | J2ME Technology | Mobile Desktop Development with Java Technologies**

- Developing Mobile Desktop Applications
- Multimedia and Wireless Messaging

***Sun-Java Technology | J2EE Technology | Advanced Business Component Development with Enterprise JavaBeans(TM) Technology**

- Introduction to EJB Component Development
- Developing EJB Entity Beans
- An Advanced Look at Developing Message Driven Beans
- Utilizing J2EE Services in EJB Based Applications
- Integrating External Enterprise Information Systems

***Sun-Java Technology | Web Services | Web Component Development with Java Technology**

- Introduction to Web Technology
- Java Servlet Technology
- Intermediate Web Architecture
- Developing Advanced Web Applications

- Java Server Pages Technology
- Advanced Struts

***Sun-Java Technology | Systems Programming | Java Programming Language**

- Getting Started with the Java(TM) Technology
- Understanding the Building Blocks of Java(TM) Technology
- Designing Object Oriented Classes
- Handling and Optimizing the Java(TM) Technology Code
- Designing Graphical User Interfaces in Java(TM) Technology
- Java(TM) Threading
- Input/Output and Networking Packages in Java(TM) Technology

***Sun-Java Technology | Systems Programming | Additional Java Technology Related Courses**

- Java 2 Platform, Enterprise Edition (J2EE platform) Technology Overview Sampler
- Working with the Java 2 Platform Micro Edition, Wireless Toolkit 2.0

***Sun-Java Enterprise System (Web Development) | Sun Java Enterprise System | Sun Java Enterprise System Platform**

- Managing Your Web Services Deployment
- Sun Java(TM) System Web Infrastructure Suite Overview

***Sun-Java Enterprise System (Web Development) | Sun Java Enterprise System | Sun Java Enterprise System Identity Management Services**

- Sun Java(TM) System Directory Server 5.2: Installation and Administration
- Sun Java(TM) Identity Management: Overview
- Sun Java(TM) Identity Management Suite: Integrated Solutions
- Analysis and Planning 5.x
- Maintenance & Operations
- Installation and New Features
- Advanced Design and Deployment
- Sun Java(TM) System Federation Manager: Getting Started
- Sun Java System Access Manager: Configuration and Customization

***Sun-Java Enterprise System (Web Development) | Sun Java Enterprise System | Sun Java Enterprise System Web and Application Services**

- Sun Java System Application Server 7 2004Q2: Technical
- Sun ONE Application Server 7: Administration
- Sun Java(TM) System Application Server Platform Edition 8: Configuration and Deployment
- Sun – Java Enterprise System (Web Development) | Sun Java Enterprise System Enterprise -System Collaboration and Communication Services
- Sun Java System Message Queue 3.5: Administration and Deployment
- Sun Java System Instant Messaging 6.0 Online Training

***Sun-Java Enterprise System (Web Development) | Sun Java Enterprise System | Sun Java Enterprise System Portal Services**

- Sun Java(TM) System Portal Server Mobile Access: Installation and Administration

***Sun-Java Desktop System | Sun Java Desktop System | Sun Java Desktop**

- Getting Started with Sun Java Desktop

***Sun-Java Desktop System | StarOffice 7 | StarOffice 7.0 End User**

- Transitioning to the StarOffice 7 Application Suite
- Getting Started With StarOffice 7 Writer
- Getting Started With StarOffice 7 Calc
- Getting Started With StarOffice 7 Impress

***Sun – Java Desktop System | StarOffice 6 | StarOffice 6.0 End User Bundle**

- Transitioning to the StarOffice 6.0 Office Suite
- Getting Started With StarOffice 6.0 Writer
- Getting Started With StarOffice 6.0 Calc
- Getting Started With StarOffice 6.0 Impress

***Sun eLibraries | Solaris(TM) 9 Operating System**

- Practice Exam for Sun Certified System Administrator for the Solaris 9 Operating System, Part I

***Sun eLibraries | Java Technology - Additional Courseware**

- Java 2 Platform, Enterprise Edition (J2EE platform) Technology Overview Sampler
- Working with the Java 2 Platform Micro Edition, Wireless Toolkit 2.0

***Sun Microsystems | Sun Solaris**

- Sun Microsystems Solaris 9: Basic System Administration I

***Communication Skills | Business Communication**

- Advanced Business Communication Series
- Cross-Cultural Business Communication Series

***Communication Skills | Business Writing**

- Business Writing Series
- Grammar Skills Series

***Communication Skills | Effective Presentations**

- Effective Presentations Series

***Communication Skills | Personal Communication**

- Advanced Interpersonal Communication Series
- Communicating with Difficult People - For Employees
- Interpersonal Communication Series

***Consulting**

- Consulting Skills Series

***Finance and Accounting | Budgeting**

- Budgeting Series

***Finance and Accounting | Business Finance**

- Business Finance Series

***Finance and Accounting | Financial Management**

- Financial Management Series

***Human Resources and Workplace Issues | Interviewing Skills**

- Interviewing Skills Series

***Legal Compliance and Ethics | Business Code of Conduct**

- Business Code of Conduct Series

***Legal Compliance and Ethics | Business Law**

- Essentials of Business Law Series

***Management and Leadership**

- Business Problem Solving Series

***Management and Leadership | Leadership**

- Decision Making and Problem Solving Series
- Goal Setting - For Employees
- Leadership Development Series
- Managerial Leadership Series
- Motivation Series

***Operations and Quality | Six Sigma**

- Six Sigma Series

***Personal Development | Organizational Skills**

- Organizational Skills Series

***Personal Development | Self Development**

- Career Development Series
- Creativity and Innovation Series

***Personal Development | Time Management**

- Time Management Series

***Project Management | Essentials**

- Project Management Essentials Series

***Project Management | Managing IT Projects**

- Managing IT Projects Series

***Sales and Service | Customer Relationship Management**

- Customer Relationship Management Series

***Sales and Service | Excellence in Service**

- Excellence in Service - For Employees

***Strategic Planning**

- International Business Essentials Series
- Strategic Management Series

***Unassigned | Unassigned**

- Distributed Computing with Java Technology
- Java 2 Platform, Enterprise Edition (J2EE) Software in a Distributed System
- Modern Software Development Practices

***Miscellaneous**

- Practice Exam for the Sun Certified System Administrator for the Solaris 10 OS, Part I
- Practice Exam for the Sun Certified System Administrator for the Solaris 10 OS, Part II
- Transitioning to the StarOffice 7 Application Suite
